- Students must bring their personally owned instruments to school on the day of their performance. This means **cello and bass** students with instruments at home will need to bring their instruments to the orchestra room on their performance morning and bring them home at the conclusion of the event and/or school day. They **do not** need their own music stand.
- All cases **must be labeled with the student’s name and a parent phone number** just in case. Extra name tags are always available in the orchestra room in front of our classroom tuner.
- Any student performing at LGPE must be in proper and complete Daniell performing arts uniform. Students who are not in proper uniform will **not be permitted to attend** LGPE as this is a category we are graded on by the professional judges.
- Parents who are not already enrolled in our Remind group will need to join the class to receive up to date information on the day of their child’s event.
 - To join a Remind class, send a text message to the number **81010** with the following messages:
 - **Chamber:** @chamberdm
- You are not required to wear your uniform to school. You can change before we leave. When we return, you will have time to change back into normal clothes before returning to class.
